**1 Timothy 2:1-6**

**“Father God, You Who have established all authority in heaven and earth, we ask You to grant to our governing leaders the wisdom and the will to learn and to lead, the strategy and the strength to execute and accomplish, the clarity and the courage to see and to stand, the passion and the purpose to endure and to achieve, the humility and the honesty to be graced and to grow and the selflessness and the servanthood needed to execute their roles and responsibilities with equity and justice for all they represent.**

**Further, we ask for divine protection over their lives and the lives of their families, their cabinets and their staffs. We pray that through this process of defeating this virus and delivering our citizens to pursue the life and liberty that the Constitution affords them, that You would show Yourself as the true and Living God Who alone is Creator of all things, and that Your Son, Jesus would be shown as the Living Savior of the world and the only and sure hope for the world in this time and season and for all time and in every season.**

**Bless our President, Donald Trump, and his cabinet who serve these United States of America.**

**Bless our Congress and our courts as they deliberate and decide justly on behalf of all people.**

**Bless our Governor, Bill Lee, and all those who serve the Great State of Tennessee with him.**

**Bless our Mayors and every city and county that they serve.**

**Bless all of our elected leaders and make them anointed servants of the people they represent we pray, in the powerful and prevailing Name of the Lord Jesus Christ, Amen and Amen.”**
