

LEMONADE STAND PACK

If you would like to make a lemonade stand to harvest funds for Mission Family Nights 2022, we'd love to help! This pack has letters and pictures to help you create signs for your stand. Or, feel free to create your own thing!

WHAT YOU WILL NEED:

- Crayons/Markers
- Scissors
- Glue Sticks
- Poster Board (as many as the number of signs you want).

Choose a posterboard color that is light for use with darker letters, or dark posterboard for use of lighter letters. Good contrast between light and dark makes your sign easy to read.

HELPFUL HINTS:

- Preparation: purchase items needed for your lemonade stand. (Cups, lemonade mix, ice, lemons, etc.) Have cash ready to make change for customers and a jar or box to receive donations.
- Choose a high-traffic area in your neighborhood to set up your lemonade stand.
- Set up a table and chairs (and an umbrella if you have it). Use pictures and flyers to help draw people in.
- Be ready to share about the heart behind Mission Family Nights. People love to know they are giving to a good cause! Have a few flyers on hand to invite anyone who is interested in coming, too!

DIRECTIONS:

- Carefully cut out the letters and pictures in this packet. The letters will spell:

LEMONADE STAND FOR REFUGEES

(This packet contains enough cut-out letters for two signs.)

- Before you glue anything, arrange the letters on the posterboard to make sure you have a strategy for how to fit them all on there. Use the pictures as decoration in the empty spaces on your signs. Once the layout looks good, start glueing!
- Decide on a price or "suggested donation." We have ".25 donation" on these sheets, but you can freehand whatever price you want on your signs.
